</table>
| 2    | Interpretation of Picture Graphs  
Application to Stat questions |
| 3    | Interpretation of Line Graphs  
Problem Solving |
| 4    | Number Theory  
Types of numbers  
Order of Operations  
Patterns |
| 5    | Decimals  
Conversion to Fractions  
Basic operations |
| 6    | Fractions  
Equivalent Fractions  
Application to Stat questions |
| 7    | Percentages  
Ratios |
| 8    | Circle Graphs  
Application to Stat questions |
| 9    | Shapes  
Functions  
Exponential graphs  
Application to Stat questions |
| 10   | Sequences  
Set Theory  
Venn Diagrams  
Application to Stat questions |
